Love your packed lunch

PhunkyFoods Top Tip 10: Add some variety!

Mix it up so your child is excited to eat their packed lunch.

- Keep a variety of bread options in the freezer (wholemeal, bagel, wrap, and pitta) to add variety each day without food waste. You can even make your sandwiches the night before with frozen bread and leave them in the fridge overnight to defrost.
- Make it colourful – eat a rainbow! We eat with our eyes so make the food look more enticing by adding a variety of coloured fruit and vegetables.
- Be adventurous where you can, and make sure you praise and reward positive attitudes and eating behaviours. You could even slip a little note in their lunch to give them a nice surprise at lunchtime!
